AROGA GERIATRIC LIFESTYLE MEDICINE

DR. KIM R MCKENZIE MD FRCP INTERNAL MEDICINE/GERIATRIC MEDICINE

Comprehensive Geriatric Review

The Aroga Geriatric Medicine program provides a medically supervised interdisciplinary program for management of lifestyle linked chronic diseases including dementia. We can provide medical management when necessary but focus on specific, intensive yet sustainable lifestyle interventions to bring diseases under control and provide patients with the tools necessary to take charge of their own bodies.

Comprehensive review of all medical problems, drug usage, functional review including cognition/anxiety/depression and physical examination. Please note that healthy elderly can be assessed for preventative assessment and management if there are no specific concerns at this time.

Please check the following for any specific areas of concern:

- ☐ Cognitive Impairment
- ☐ Recurrent Falls
- ☐ Polypharmacy
- ☐ Caregiver Stress
- ☐ Depression and Anxiety
- ☐ Elder Abuse/Neglect
- ☐ Failure to Thrive
- ☐ Competency
- ☐ Bladder Incontinence
- ☐ Chronic pain

RELEVANT MEDICAL HISTORY (List recent or new diagnoses, MOST, PPS, etc.):

CLINICAL FEATURES (Describe behavioral or cognitive issues, risk of self-harm, falls, aggression, anxiety, pain, etc.):

HOME SITUATION (Outline if living alone, caregiver status, environmental risks, social issues, abuse or neglect, etc.):
